

## Casebook

 **ethereamx**<sup>®</sup>  **zyeyag**<sup>®</sup>  **zyealx**<sup>®</sup>

VYDENCE is a worldwide leader of laser platforms with offices in Miami and São Paulo. The company has a strong, growth-driven distribution network in Canada, Latin America, EU and Middle-East.

VYDENCE is the market leader for tailor-made laser platforms that create and provide solutions for the natural beauty standards that go beyond results usually delivered by traditional technologies and procedures

Laser platforms are unique to VYDENCE, with exclusively featured handpieces such as handPICO® and ProDeep®, and up to 4 different technology platforms that combine multiple lasers and improves ROI for any business.
